

Catholic U. and Villanova Meet in Only Local Football Game Tomorrow

HERE'S THE OVERCOAT YOU WANT
I Will Tailor It To Order for You at

\$25

Never before have I been able to show the vast assortment of overcoats I have on display this season. They include everything in Imported Scotch and English Tweeds, Shetlands, Vicuna and the famous "Kaiserloden" Cloths. Among the many styles I am showing is the new Ballochmyle, a Kimono Sleeve Overcoat with broad Colonial lapels. It is the latest creation and bound to achieve popularity this Fall and Winter.

Your Suit TAILORED TO ORDER \$20 Up

Exceptionally fine qualities for the money—weaves and colorings you won't see elsewhere. Tailored to order in any of the new styles you desire.

Perfect Fit or Money Back.

POINTED PARAGRAPHS.

Contrariness is often mistaken for tenacity.
Every woman thinks she's worth her weight in gold.
Diplomacy is the art of concealing our dislikes.

When a man tires of his own company his case is hopeful.
Unrequited love is one brand of heart failure. But it's never fatal.

Never blow your own horn in public unless you are a musician.
The only thing some women lay up for a rainy day is silk hosiery.

Talk is cheap, yet some people have a mania for trying to monopolize it.
Appearances are often deceptive. Luxurious whiskers hide many an ugly mug.

Some men make a specialty of collecting paving material for the downward path.

Unless a woman is built right she has no business wearing her shoulders outside her ball gown.

Affinities may be all right in their place, but they seldom make good in the kitchen.
A young widow sometimes marries an eligible bachelor merely to keep some inexperienced girl from getting the worst of it.

"Pa, what do you put water in stockings for?"
"To soak the investors with, my son."—Boston Transcript.

THE DAILY TEARS PLAYED GAMES

Georgetown, Gallaudet and Catholic U. Meet Strong Opponents Tomorrow.

YALE AND PENNSYLVANIA HAVE DIFFICULT CONTESTS

Notre Dame to Appear Against Dark Blue and Navy Will Struggle With Quakers.

BY H. C. BYRD.

The local college football teams are scheduled to play hard games tomorrow. Georgetown goes to Richmond to meet the Washington and Lee eleven, Gallaudet journeys to Lexington to test its strength against that of the Virginia Military Institute, while Catholic University is booked for the only conflict scheduled on a Washington field, one with Villanova.

Under ordinary conditions it would appear that Georgetown and Gallaudet have an excellent chance to win, but it is probable the Villanova eleven will prove too experienced and too strong for the Brooklanders. Of course, Catholic University may surprise everybody by making an unexpected showing against the Pennsylvanians, as it did on a previous occasion, but if it is the victor it will be a pleasant but unlooked-for occurrence.

Georgetown goes to Richmond to meet one of the strongest eleven in the south. Of that fact there can be no doubt, since Washington and Lee has proved since the beginning of the 1913 season that it possesses the exceptional capabilities. Washington and Lee a year ago had one of the best eleven that have ever represented it, and, perhaps, the very best. It ought to be even more powerful now, because it has back nearly every regular and has acquired several new men of more than ordinary caliber.

The Blue and Gray will be opposed to a very strong aggregation, but it ought to win. The local university will have one big advantage over the Virginians—that of having played two hard games. Washington and Lee has not yet been put to a real test, it not having played a game against a team of anything like equal strength. Under such conditions Washington and Lee cannot hope to be at its best, while Georgetown ought to be in the strongest front that it has at any time this season. The Blue and Gray offense should be more fully developed, while its defense has never been questioned. Of course, Washington and Lee may be a whole lot stronger, than is generally thought, but without having been against an eleven of some where near its power it can hardly be ready to give its best.

Gallaudet is not likely to find the Virginia Military Institute team as strong as usual. The Cadets have not been making the showing this year they have in the past two or three, and it would not be surprising to learn tomorrow evening that the Kendall Greens had triumphed by a considerable margin. The Military Institute has defeated Richmond College by 10 to 0, and that after a desperately fought game, and Richmond College is not strong by any means.

If Catholic University can make the right kind of a showing against Villanova it will speak well for the work of the coach and the men. The Brooklanders have improved a great deal in the last two weeks, and if they continue to show better and better form, this season goes on they undoubtedly will make the best record any C. U. eleven has ever accomplished.

Pril Kauffmann, Washington boy, who was star tackle at the Lawrenceville school last fall, has been named captain of the Princeton freshman eleven, and it is fairly certain that he will succeed to the captaincy for the remainder of the season.

Kauffmann has been playing a brilliant game for the Princeton first-year team. His work has been prominent enough to place him in the foreground as one of the most prominent of the prospective candidates for the varsity in 1915. Kauffmann was star at Lawrenceville last year, being about the only unanimous choice for the all-scholastic eleven of New Jersey.

It is rather interesting to note that there are two Washington boys playing on the Princeton freshman eleven. Besides Pril Kauffmann, Sylvan King, former Central High School star, is holding down one of the regular positions. King was much the same kind of a player at Central that Kauffmann was at Lawrenceville—about half the team.

It would certainly be a splendid thing for Washington if it could put two boys in regular positions on the Princeton eleven next fall. It would probably be the first time in the history of the game that two boys and their school made the team in a big university.

At least two of the "big five" eleven are in for hard struggles tomorrow. Yale and Pennsylvania. The former is to meet Notre Dame and the latter will play the Navy. Notre Dame has several years been one of the most powerful teams in the middle west, while the Navy never falls far short of the very best.

Notre Dame probably has gotten itself into almost too form in order to defeat Yale, if possible. The Indiana school probably would rather win from school probably would rather win from the Dark Blue than from any other on its schedule. It is making this the big game of its season, and there is no doubt that Yale will have to give the very best of which it is capable if it is to win. As a matter of fact, if Notre Dame is as strong as it was a year ago it ought to be the favorite. A defeat for the Dark Blue will be more expected than surprising. Notre Dame offense is certainly further developed than last year, and its defense also probably has been given more thorough tests. Yale gets to the top of its form about the time it meets Notre Dame, November 21, but time it meets now more than likely at its best right now. The advantage the middle western eleven has is that it has more development and physical condition will figure largely in the result.

The Navy is playing its own field for the first time in its history, with the exception of the contests that have taken place on foreign grounds. The team that is playing on the field, however, is not the Navy, but the Army. That it is playing on other ground than its own is not likely to affect the work of the soldiers, though, because there was ever a set of fellows with real grit and nerve they are at the Naval Academy.

Pennsylvania has not been showing such form this season as would entitle it to the honor of a prediction that it should be the victor over the Midshipmen. If anything, judging on the comparative work of the two eleven, the Quakers are in for defeat. It will not be any unlooked-for occurrence for the Navy to win by two touchdowns or more. It was a rather popular misconception that the Navy would be weak this season because it was the first time in the 1913 team, but such is far from being the case. The Navy is very little weaker, if any, less than a year ago, to judge by the opinions expressed by competent authorities.

Princeton may not have an easy time defeating the Lafayette eleven. The Tigers ought to get away with the long end of the score, but it is not going to be by a big margin. Princeton has shown an offensive weakness this fall that has not enabled it to score consistently. It has been unable to carry out its plan to play football, though it has managed to win by small margins.

Cornell and Harvard are not scheduled to play difficult contests. Harvard should win from Tufts by a good margin and Cornell ought not to and Bucknell very strong.

One of the greatest eleven of last year is probably due for another decisive defeat—Carlisle. The Indians are to play Pittsburgh, and the latter appears to be one of the most powerful combinations on the gridiron. Pittsburgh trimmed the Indians last fall by the margin of a touchdown, when the latter had their great team, and now that the Redskins are weak there is no reason why they should turn around and win from a more powerful combination than they lost to a year ago. Sometimes, when a team is so good, it springs unexpected plays and proves the Indians superior, even when least expected, but there must be good enough material to carry out the system of play, no matter how good it is, and this material Carlisle seems to lack.

YALE ENDS SCRIMMAGE.

Elis Expect Close Battle With Notre Dame's Eleven Tomorrow.

NEW HAVEN, Conn., October 16.—With ten minutes' practice in a drizzling rain Yale yesterday closed scrimmage work before the Notre Dame game tomorrow. So few of the regulars were kept after the scrimmage that the varsity eleven resembled the scrubs. All the first-string men were in the dress rehearsal, except Alex Wilson, who, however, reported in uniform for the first time this week. Trainer Mack said Wilson might start in the game tomorrow, but as he has been injured, it is doubtful if he will play. The scrimmage was a fairly good indication of the team's strength. Archie MacLeish as field general.

Tommy Cornell won his old varsity place at halfback for the day and found himself in the second line which netted him two 20-yard advances. Taking the ball from kick-off, Wilson picked it up and slipped through the broken line for the score. Oakes played left guard for the first time this week, and will start Saturday's game there. Wiley was at center during the signal work, but Carl White displaced him in the scrimmage.

The condition of Atwood Violett, who was bumped in a collision with Carroll Knowles Wednesday, showed that his injury was nominal and he will leave the hospital in time to see the Notre Dame game. Two heavy blows, no serious injuries at Yale this year.

Although Weidman has had Capt. Talbot's place all week the captain will return to lead the team. Under such conditions Washington and Lee cannot hope to be at its best, while Georgetown ought to be in the strongest front that it has at any time this season.

NAVY TEAM POWERFUL.

Middies Outweigh Pennsylvania, Their Opponent Tomorrow.

PHILADELPHIA, Pa., October 16.—Pennsylvania will play one of the most powerful teams of the east tomorrow when they face the Navy eleven.

For the first time this season Penn will be outweighed not only in the line but in the backfield. The Navy line will be three pounds heavier per man, the backfield nine pounds heavier, while the average of the whole eleven will show a difference of five pounds to the man.

If the Navy eleven proves considerably stronger than it was last Saturday then Pennsylvania is in for a very hard game. Perry, the giant center, is in shape to play, while Graf, the regular right end, will also be in the game. De Rooze will displace Schlossbach at right tackle, putting further strength into the line. He is ten pounds heavier than the latter.

The Navy found that because of their heavy backs they had not developed sufficient variety to their attack. They have put the main weight on developing open field plays and forward passes, and they expect to show some fast formations.

Pennsylvania is going into the game determined to win, and the team is expected to show a more varied attack than any they have had to date. Better team play is expected, both offensively and defensively. Much attention has been given to the interference, which should prove much more effective than in any of the previous matches.

HARNESS CARD CURTAILED.
Rain Narrows Lexington Meeting to Five Stakes Tomorrow.

LEXINGTON, Ky., October 16.—Owing to continued rain and poor track conditions all light harness races scheduled to be decided at the track of the Kentucky Horse Breeders' Association have been called off for tomorrow. There will be no racing today. The five stakes listed for tomorrow are the championship steeple chase, the regular position of the steeple chase, and the regular position of the steeple chase, and the regular position of the steeple chase.

PERTINENT COMMENT
On Happenings in Sporidom

By J. ED GRILLO.

John McGraw is in a position where he will have to do a lot of strengthening if the Giants are to be prominent in next year's National League race. The Giants failed to come up to expectations this year, and they will not be figured as having a chance to win from the Braves in the next campaign unless the Stallings team should go all to pieces, which is not likely.

The Braves are sure to put up a better battle in the next campaign than they did in the last. They will get off to a better lead and it is hard to see how any of the other teams are going to have much of a chance against them.

McGraw's greatest task is to find means for strengthening his pitching staff. It was demonstrated during the past campaign that Mathewson, while still a good pitcher, has gone back to a whole lot. There may be hope for Marquard to recover his cunning, but the rest of the staff does not look good, and some material which is much more classy must be found to make up this weakness.

Henri Rondeau, the recruit outfielder who is to have a trial with the Nationals next spring, has the reputation for leading a few leagues with the stick. In 1910, when he broke in with the Lawrence club of the New England League, he wound up the season with an average of .300 in hitting.

While it is disappointing when a team which has finished second for two seasons falls to third place, the fact should not be overlooked that there are five other teams in the race which finished even worse. It is impossible for more than one club to win the pennant.

J. RISTON BREAKS BOWLING RECORD

Scores Highest Set in Duckpins Ever Registered in Washington, 404.

GOOD MARKS ARE MADE BY CASINO AND PALACE

National Capital League Match Is Close and Interesting. Bontz Rolls Well.

The highest set of duckpins ever rolled in the District of Columbia was registered last night in the Capital City League by J. Riston. Riston knocked down 404 pins in his three games, exceeding by one the previous record, held by Eddie Keith and made last season. Riston got only 111 in his first game, but in the second he jumped his mark up to 144, and in his third he raised the score to 149. Riston was the line-up of the Norris Peters team, which got a clean sweep over the Charles Hotel quint.

The Resolutes won all three of their games from the Cardinals in the District League. Fowler of the winners did the best work of any of the players, getting 101, 104 and 113 in his contests.

Gandil's Team Makes Sweep. "Chick" Gandil's team in the Arcade League did some of the best bowling accomplished by any of the quints. It took all three of its games from the Resolutes. Wright and Watson of the winning club got the highest scores in the match. Wright registered marks of 118, 99 and 117. Watson scored 108, 127 and 93.

A splendid match was rolled in the National Capital League between the Casinos and the Palace five. The Casinos quit by taking two games out of the three, though the margin by which it finished in front was not very large. The winning aggregation scored 540 in its first game against 533 for Palace. In the second Casino knocked down 544 pins while the Palace was able to upset but 502. In the last contest Palace did the better work, getting 524, while the Casino players could topple only 484.

Bontz Rolls Good Set. Bontz of the Casino five was high player, with a set of 347. Bontz rolled 126 in his first, 111 in his second and 110 in his third game.

Krauss started for the losers with games of 131, 99 and 109 to the credit of the former and 125, 102 and 92 for the latter.

Grubbs, rolling for the Finance team in the Post Office Department circuit, got a game of 135. In the Department League Labor took all three games from the Commerce aggregation, Miller leading the winning five with scores of 121, 107 and 106. Whalley of the Virginians and Mendell of the Cardinals got the highest scores registered by the players in the Southwestern League, the former getting two marks of 121 and 115 and the latter 103, 104 and 101.

TIGERS NEED QUARTERBACK

Boland Has Not Yet Come Up to Expectations of Coaches.

PRINCETON, N. J., October 16.—The Princeton varsity substitutes lined up against the first-string foot ball men yesterday, and for the third successive afternoon the regulars had their hands more than full. A single touchdown was the extent of the varsity's scoring and that came only after the hardest kind of plugging. The coaches took the opportunity offered by rainy weather to give Boland plenty of practice hurling forward passes with a wet ball.

The results showed that he needed it; for only three of the two dozen that the varsity tried were successful. Tibbott got the varsity's single tally. After an exchange of punts, a fumble put the regulars in possession of the ball on the scrubs' 25-yard line. Tibbott slipped around right end and ran to the 5-yard mark before he was thrown. On the next play he hustled around the opposite wing for an easy touchdown, that ended the varsity's scoring for the scrub line stiffened and held its own with the first-string forwards. Ames was used for a time at quarterback, but Boland played the position the better part of the afternoon.

The coaches had determined to give him a thorough trial before they abandoned the hope of developing him into a capable field general. Quarterback is

the big problem for the Tigers and one that will have to be solved before the Dartmouth game, only ten days away.

It was announced that one-third of the proceeds of tomorrow's game with Lafayette will go to the Red Cross fund which is being raised by an undergraduate committee. The admission price has been raised from 50 cents to 75 cents, with the consent of the Lafayette management.

HOPPE AHEAD AGAIN.

Bakline Wizard Overwhelms Inman in Billiard Match, 1,000 to 183.

CHICAGO, October 16.—White Hoppe, world's billiards champion, yesterday took the lead over Melbourne Inman, champion at the English style, by winning two matches at 18.2 balltime, 1,000 to 183. Hoppe now has 2,194 points, against 2,119 for Inman.

Hoppe was in perfect form in the afternoon taking only nine innings to get his 500. Inman obtained only 23 points. Hoppe had high runs of 174 and 114 in the evening, but fell off toward the end, while Inman did much better.

Hoppe—56, 146, 90, 10, 14, 41, 37, 15, 1, 90, 23, 1, 5, 1, 29, 16, 15, 176, 0, 3, 114, 4, 1, 13, 3, 65, 0, 2, 3, 1, 8, 2, 0, 0, 1, 7, 0, 2, 1, 2, 4, 0, 1, 0, 3, 34, 4, 3, 1, 3, 4, 17, 4, 3—183. Average, 69.20.

Many of the "straw" hats of Europe are made of wood.
